

# TRACII'S AESTHETICS

Tracii is a Professional Aesthetician at Embellish Salon and Spa. Her areas of expertise include custom skincare, eyelash extensions, body waxing, special occasion make-up, and detox body wraps. Tracii graduated from the Academy of Cosmetology in 2013 and she has over 10 years of prior experience in the medical field. More than six of those years were spent working with a plastic surgeon, thus beginning her love and passion for skincare! Helping people find their beauty and bringing out their confidence is the most rewarding part of her job. Continuing education is very important to Tracii. She recently added dermalplaning to her scope of practice and will be attending a class on eyebrow extensions in the near future. Tracii is certified in Youngblood Cosmetics, Premier Lash extensions, Russian Volume Lash Extensions and IMAGE Skincare. Her goal is to ensure that each client leaves glowing and is armed with the knowledge to continue their skincare progress into the future.
